2020-12-02

1.1.2.0

New features:

Added support for standalone guiding camera "iOptron iGuider 1".

Optimizations:

Initialization is more reliable.

2020-10-26

1.1.0.0

New features:

Updated to ASCOM Camera Interface 3.

Bug Fixes:

Sometimes after camera initialized, the exposure time and gain are not agreed with the preset value.

In rare cases, the camera refuse to change exposure time and/or gain.

Optimizations:

Change exposure time and gain will take effect faster.

Overall performance optimizations.
