

iEAF

Electronic Automatic Focuser

The new iOptron Electronic Automatic Focuser (iEAF) is designed for both Crayford and Rack-and-Pinion focusers. It is powered by a 5V USB port. The focuser is ASCOM compatible and will work with most planetarium and imaging software. It also can be adjusted manually by pressing the buttons on the focuser.

Features

- Built-in temperature sensor
- Whisper quiet operation
- Powerful stepper motor
- Zero backlash
- USB connection to a computer
- ASCOM compatible
- Manual adjustment
- Position memorizing during power off
- Compatible to most focuser with proper mounting bracket/adaptor
